GREAT REDUCTION IN The Prices OF SINGER & CO.'S STANDARD MACHINES

Well known to be the best for

Manufacturing Purposes:

No. 1, Standard Shuttle Machine, formerly sold at $90,

Reduced to $70.

No. 2, Standard Shuttle Machine, formerly sold at $100,

Reduced to $70.

Singer's Letter A Machine,

IS the best Machine in the word for Family Sewing and Light Manufacturing purposes; Price, (with Hemmer,) and beautifully ornamented,

FIFTY DOLLARS.

The Nos. 1 and 2 machines are of great capacity and application for manufacturing purposes.

Our No. 3 machines are especially adapted to all kinds of light and heavy

LEATHER WORK,

In Carriage Trimming, Boot and Shoe Making, Harness Making, etc., etc. They are of extra size, with an arm long enough to take under it and stitch the largest sized dashes. There is scarcely any part of a Trimmers' stitching that cannot be better done with them than by hand: so, too, the saving of time and labor is very great. The table under these machines is 24 inches long, and the shuttle will hold six times the usual quantity of thread. The large machines work as fast as small ones.

We would ask for our Letter A machines, the special attention of Vest Makers and Dress Makers, and all those who want machines for Light Manufacturing purposes. They embody the principles of the standard machines, making like them, the interlock stitch, and are destined to be as celebrated for Family Sewing and light manufacturing purposes as our standard machines are for manufacturing purposes in general.

We have always on hand

Hemming Guages, Silk Twist, Linen and Cotton Thread on Spools, Best Machine Oil in Bottles, etc., etc.

We manufacture our own Needles, and would warn all persons using our machines not to buy any others. We know that there are needles sold *of the most inferior quality,* at higher prices than we charge for the best. The needles sold by us are manufactured especially for our machines. *A bad needle may render the best machine almost useless.*

Our customers may rest assured that all our Branch Offices are furnished with the

GENUINE ARTICLE.

In case of small purchases, the money may be sent in postage stamps or bank notes.

☞ Correspondents will please write their names distinctly. It is all important that we should in each case know the post office, county and state.

☞ All persons requiring information about Sewing Machines, their size, prices, working capacities, and the best methods of purchasing, can obtain it by sending to us, or any of our Branch Offices for a copy of

I. M. SINGER & CO.'S GAZETTE,

which is a beautifully illustrated Pictorial Paper. *It will be sent Gratis*

☞ We have made the above Reduction in Prices with the two-fold view of benefitting the public and ourselves. The public have been swindled by spurious machines made in imitation of ours. The metal in them, from the iron casting to the smallest piece, is of poor quality. Their makers have not the means to do their work well. They are hid away in secret places, where it would be impossible to have at their command the proper mechanical appliances. It is only by doing a great business, and having extensive manufacturing establishments, that good machines can be made at moderate prices. The best designed machines, Badly Made, are always liable to get out of order, and are sure to cost considerable trouble and money to keep them in repair.

The qualities to be looked for in a machine are: *certainty of correct action at all rates of speed, simplicity of construction, great durability and rapidity of operation, with the least labor.* Machines to combine these essential qualities, must be made of the *best metal* and *finished to perfection.* We have the ways and means, on a grand scale, to do this.

The purchasers of machines, whose daily bread it may concern, will find that those having the above qualities not only work well at *rapid* as well as *slow* rates of speed, but *last long* in the finest possible working order. Our machines, *as made by us,* will *earn more money* with *less labor* than any others, whether in imitation of ours or not. In fact, they are cheaper than any other machine as a gift.

FLORENCE SEWING MACHINE.

OVER THE POST OFFICE.

THERE is nothing so much sought for by the public as a practical Sewing Machine, one that is

Simple, Strong & Reliable.

One that will run for years without the annoyance of being out of repair; one that is noiseless and swift in motion; also that makes the stitch as you want it, alike on both sides of the fabric; such are the machines of the

FLORENCE SEWING MACHINE COMPANY.

Who take pleasure in placing their Machines before the public, and unhesitatingly say they are the best in the world, and openly and publicly challenge machines of any and all manufactures to do as large a range of work as can easily be done on one of these machines. They make

FOUR DIFFERENT STITCHES,

and have all the advantage of a reversible feed motion, which carries the work either way, which, together *with making all the four stitches,* can be done whilst the machine is in motion; the saving of time in stepping to change the length of stitch, is obviated by this machine.

Any correspondence regarding our Machines will be promptly answered. Enclose a Letter Stamp and we will send circular and sample of work by return mail. Address, S. L. Raynor,

DAILY GAZETTE.

REMARKABLE RAILROAD INCIDENT.—The Wheeling (Va.) Intelligencer tells the story of an ambulance, drawn by two horses, which attempted to cross the track of the Baltimore and Ohio Railroad, near Harper's Ferry, quite recently, as a train was approaching—so closely, indeed, that the engine could not be stopped. The horses had crossed the track, but the ambulance was just fairly upon it when the pilot struck the vehicle between the front and hind wheels. As strange as it may seem, the horses were instantly separated from the ambulance, and the vehicle was lifted up and squarely seated upon the bumpers of the engine, where it remained until the engine was stopped. The ambulance contained a sick soldier and four or five officers, not one of whom was injured in the slightest degree. The horses also escaped unhurt. It was regarded as one of the most remarkable escapes on record.

The same paper is also responsible for the following dog story, with a more tragical termination:

The other day, while an eastern bound train, over the Baltimore and Ohio Railroad was standing at Martinsburg, a man tied a large dog to the rear end of the train, intending to return and release the animal before the train started. But the man did not return and the train started, the dog trotting along behind. The train, being somewhat behind time, soon commenced making forty miles an hour. The dog, in the language of our informant, "done all the runnin' that he know'd how," but he could not keep up, and it was not long until the life was battered out of him. The dog was not discovered until the train had reached Harper's Ferry, at which point there was very little dog left.

A MAN GNAWED TO DEATH BY RATS.—About three months ago, a servant girl living at the corner of Ninth avenue, Twenty-seventh street, New York, heard from the cellar on two successive nights, loud groaning, with cries of "Open the door, for God's sake!" and other like exclamations. There was a ghost excitement in the neighborhood, and the cries were superstitiously ascribed to the "spirits." On Thursday the cellar was opened, and the dead body of a man there—or rather, the skeleton, for it had literally been devoured by rats, until there was very little flesh left on the bones. It is supposed the man fell into the cellar through a hatchway, and being unable to help himself, lay there and starved to death.

THE SECRET.—A gentleman was walking over his farm with a friend, exhibiting his crops, herds of cattle, and flocks of sheep, with all of which he was highly pleased, but with nothing so much as with his splendid sheep. He had seen the same breed frequently before, but had never seen such splendid specimens; and with great earnestness he asked how he had succeeded in raising such flocks. His simple answer was, "I take care of my lambs, sir." Here was the secret—he took care of his lambs.

Reader—father, mother, teacher—need we make the application?

STATE LANDS.—At the recent session of the legislature the price of all school and university lands which have been once offered for sale and are now in the hands of the state, was reduced about one-third, with the provision that in no case should any such lands be sold for less than 75 cents per acre. The effect of this legislation will be to reduce those school lands which have once been offered and never sold, to about 84 cents per acre, and those which have been sold and then forfeited to the state to about the same price, exclusive of whatever taxes may have been due on the land at the date of forfeiture.

A large reduction was also made upon the price of swamp lands, the amount of the reduction depending upon the length of time the lands have remained in the hands of the state since they were offered for sale or since they were forfeited. The provision of the statute limiting the quantity of land that any one person can purchase, and requiring an affidavit as to the use to be made of the land purchased, were repealed. —*Madison Journal.*

ANOTHER FEMALE IMPRESSMENT.—The Atlanta (Ga.) papers state that a few days since some 15 or 20 women, residents of that city, all decently dressed, collected together on one of the principal streets, and made an impressment of about 200 pounds of bacon belonging to private parties. They did it in a quiet, yet bold and determined manner, one of them quietly taking out a Colt's revolver and standing guard while the others removed the bacon. They first offered to buy it at a price such as the government is paying, but finding the holder unwilling to sell at such rates, they announced their determination to *seize* it, which determination they resolutely carried out. They were soldiers' wives who had large families to support.

WOMAN BURNED TO DEATH.—The wife of Mr. James Hamilton, of this place, met with a sad accident on Tuesday night of last week. She was in the act of putting her children to bed, and one of them, a little boy, fell on the stove, and in saving her boy, her clothes caught fire and she was burned so bad that in five hours she died. —*Prairie du Chien Courier.*

HOW FORTUNES ARE MADE AND LOST IN WAR TIMES.—The New York Journal of Commerce gives the following instances of the hazard of mercantile transactions during war times:

An invoice of six hundred bales of cotton was consigned to this market, on English account. It was sold at ninety-three cents per pound, and the seller at once engaged his exchange for remittance. Before the transactions were concluded, the *turn* came, and both cotton and exchange came down. The buyer of the cotton was not able to take it, but the buyer of the exchange was compelled to fulfill his agreement, so that he was compelled to pay $102,000 on his part of the transaction while the cotton still remained unsold!—Take another instance: A celebrated manufacturer bought of a very clever speculator eight hundred bales of cotton for forward delivery at a high price—say eighty-eight cents. Cotton went down, down, down every day, and the manufacturer warms into a panic. So he settles his contract by paying over to the fortunate operator for a check for $84,000.

NEW ENGLAND IN THE NEXT CONGRESS.—In the last congress there were four democrats from New England. In the next congress that party will have but three members.

WARRANTEE DEEDS FOR SALE!

Shade Tree Association.

LET us have a Shade Tree Association, and a Fruit Tree Association, and a Grape Vine Association, and then let us all go in the executive committee and see that everybody does his whole duty. Why dont every man, woman and child plant a tree, shrub or vine and thus erect all over the country noble living monuments which shall tell of *great throbbing hearts* that once lived. Who does not feel his heart beat warmer and his soul happier as his memory takes him back to the old orchard and the great elms and maples that surrounded his New England home. Yes, plant trees *this spring.* Make your home blossom like the rose. Plant a willow and a few evergreens on your lot in the cemetery, for you will need them some day.

GREAT REDUCTION

—OF—

SINGER & CO.'S

STANDARD MACHINES

Well known to be the best for

Manufacturing Purposes:

No. 1, Standard Shuttle Machine, formerly sold at $90,

Reduced to $70.

No. 2, Standard Shuttle Machine, formerly sold at $100,

Reduced to $70.

Singer's Letter A Machine,

IS the best Machine in the word for Family Sewing and Light Manufacturing purposes; Price, (with Hemmer,) and beautifully ornamented,

FIFTY DOLLARS.

The Nos. 1 and 2 machines are of great capacity and application for manufacturing purposes.

Our No. 3 machines are especially adapted to all kinds of light and heavy

LEATHER WORK,

In Carriage Trimming, Boot and Shoe Making, Harness Making, etc., etc. They are of extra size, with an arm long enough to take under it and stitch the largest sized dashes. There is scarcely any part of a Trimmers' stitching that cannot be better done with them than by hand; so, too, the saving of time and labor is very great. The table under these machines is 24 inches long, and the shuttle will hold six times the usual quantity of thread. The large machines work as fast as small ones.

We would ask for our Letter A machines, the special attention of Vest Makers and Dress Makers, and all those who want machines for Light Manufacturing purposes. They embody the principles of the standard machines, making like them, the interlock stitch, and are destined to be as celebrated for Family Sewing and light manufacturing purposes as our standard machines are for manufacturing purposes in general.

We have always on hand

Hemming Gauges, Silk Twist, Linen and Cotton Thread on Spools, Best Machine Oil in Bottles, etc., etc.

We manufacture our own Needles, and would warn all persons using our machines not to buy any others. We know that there are needles sold *of the most inferior quality,* at higher prices than we charge for the best. The needles sold by us are manufactured especially for our machines. *A bad needle may render the best machine almost useless.*

Our customers may rest assured that all our Branch Offices are furnished with the

GENUINE ARTICLE.

In case of small purchases, the money may be sent in postage stamps or bank notes.

☞ Correspondents will please write their names distinctly. It is all important that we should in each case know the post office, county and state.

☞ All persons requiring information about Sewing Machines, their size, prices, working capacities, and the best methods of purchasing, can obtain it by sending to us, or any of our Branch Offices for a copy of

I. M. SINGER & CO.'S GAZETTE,

which is a beautifully illustrated Pictorial Paper. *It will be sent Gratis*

☞ We have made the above Reduction in Prices with the two-fold view of benefitting the public and ourselves The public have been swindled by spurious machines made in imitation of ours. The metal in them, from the iron casting to the smallest piece, is of poor quality. Their makers have not the means to do their work well. They are hid away in secret places, where it would be impossible to have at their command the proper mechanical appliances. It is only by doing a great business, and having extensive manufacturing establishments, that good machines can be made at moderate prices. The best designed machines, Badly Made, are always liable to get out of order, and are sure to cost considerable trouble and money to keep them in repair.

The qualities to be looked for in a machine are: *certainty of correct action at all rates of speed, simplicity of construction, great durability and rapidity of operation, with the least labor.* Machines to combine those essential qualities, must be made of the *best material and finished to perfection.* We have the ways and means, on a grand scale, to do this.

The purchasers of machines, whose daily bread it may concern, will find that those having the above qualities not only work well at *rapid* as well as *slow* rates of speed, but *last long* in the finest possible working order. Our machines, *as made by us,* will *earn more money* with *less labor* than any others, whether in imitation of ours or not. In fact, they are cheaper than any other machine as a gift.

FLORENCE SEWING MACHINE.

OVER THE POST OFFICE.

THERE is nothing so much sought for by the public as a practical Sewing Machine, one that is

Simple, Strong & Reliable.

One that will run for years without the annoyance of being out of repair; one that is noiseless and swift in motion; also that makes the stitch as you want it, alike on both sides of the fabric; such are the machines of the

FLORENCE SEWING MACHINE COMPANY.

Who take pleasure in placing their Machines before the public, and unhesitatingly say they are the best in the world, and openly and publicly challenge machines of any and all manufactures to do as large a range of work as can easily be done on one of these machines. They make

FOUR DIFFERENT STITCHES,

and have all the advantage of a reversible feed motion, which carries the work either way, which, together with making all the four stitches, can be done whilst the machine is in motion; the saving of time in stopping to change the length of stitch, is obviated by this machine

Any correspondence regarding our Machines will be promptly answered. Enclose a Letter Stamp and we will send circular and sample of work by return mail.

DAILY GAZETTE.

REMARKABLE RAILROAD INCIDENT.—The Wheeling (Va.) Intelligencer tells the story of an ambulance, drawn by two horses, which attempted to cross the track of the Baltimore and Ohio Railroad, near Harper's Ferry, quite recently, as a train was approaching—so closely, indeed, that the engine could not be stopped. The horses had crossed the track, but the ambulance was just fairly upon it when the pilot struck the vehicle between the front and hind wheels. As strange as it may seem, the horses were instantly separated from the ambulance, and the vehicle was lifted up and squarely seated upon the bumpers of the engine, where it remained until the engine was stopped. The ambulance contained a sick soldier and four or five officers, not one of whom was injured in the slightest degree. The horses also escaped unhurt. It was regarded as one of the most remarkable escapes on record.

The same paper is also responsible for the following dog story, with a more tragical termination:

The other day, while an eastern bound train, over the Baltimore and Ohio Railroad was standing at Martinsburg, a man tied a large dog to the rear end of the train, intending to return and release the animal before the train started. But the man did not return and the train started, the dog trotting along behind. The train, being somewhat behind time, soon commenced making forty miles an hour. The dog, in the language of our informant, "done all the runnin' that he know'd how," but he could not keep up, and it was not long until the life was battered out of him. The dog was not discovered until the train had reached Harper's Ferry, at which point there was very little dog left.

A MAN GNAWED TO DEATH BY RATS.—About three months ago, a servant girl living at the corner of Ninth avenue, Twenty-seventh street, New York, heard from the cellar on two successive nights, loud groaning, with cries of "Open the door, for God's sake!" and other like exclamations. There was a ghost excitement in the neighborhood, and the cries were superstitiously ascribed to the "spirits." On Thursday the cellar was opened, and the dead body of a man there—or rather, the skeleton, for it had literally been devoured by rats, until there was very little flesh left on the bones. It is supposed the man fell into the cellar through a hatchway, and being unable to help himself, lay there and starved to death.

THE SECRET.—A gentleman was walking over his farm with a friend, exhibiting his crops, herds of cattle, and flocks of sheep, with all of which he was highly pleased, but with nothing so much as with his splendid sheep. He had seen the same breed frequently before, but had never seen such splendid specimens; and with great earnestness he asked how he had succeeded in raising such flocks. His simple answer was, "I take care of my lambs, sir." Here was the secret—he took care of his lambs.

Reader—father, mother, teacher—need we make the application?

STATE LANDS.—At the recent session of the legislature the price of all school and university lands which have been once offered for sale and are now in the hands of the state, was reduced about one-third, with the provision that in no case should any such lands be sold for less than 75 cents per acre. The effect of this legislation will be to reduce those school lands which have once been offered and never sold, to about 84 cents per acre, and those which have been sold and then forfeited to the state to about the same price, exclusive of whatever taxes may have been due on the land at the date of forfeiture.

A large reduction was also made upon the price of swamp lands, the amount of the reduction depending upon the length of time the lands have remained in the hands of the state since they were offered for sale or since they were forfeited. The provision of the statute limiting the quantity of land that any one person can purchase, and requiring an affidavit as to the use to be made of the land purchased, were repealed.—*Madison Journal.*

ANOTHER FEMALE IMPRESSMENT.—The Atlanta (Ga.) papers state that a few days since some 15 or 20 women, residents of that city, all decently dressed, collected together on one of the principal streets, and made an impressment of about 200 pounds of bacon belonging to private parties. They did it in a quiet, yet bold and determined manner, one of them quietly taking out a Colt's revolver and standing guard while the others removed the bacon. They first offered to buy it at a price such as the government is paying, but finding the holder unwilling to sell at such rates, they announced their determination to *seize* it, which determination they resolutely carried out. They were soldiers' wives who had large families to support.

WOMAN BURNED TO DEATH.—The wife of Mr. James Hamilton, of this place, met with a sad accident on Tuesday night of last week. She was in the act of putting her children to bed, and one of them, a little boy, fell on the stove, and in saving her boy, her clothes caught fire and she was burned so bad that in five hours she died. —*Prairie du Chien Courier.*

HOW FORTUNES ARE MADE AND LOST IN WAR TIMES.—The New York Journal of Commerce gives the following instances of the hazard of mercantile transactions during war times:

An invoice of six hundred bales of cotton was consigned to this market, on English account. It was sold at ninety-three cents per pound, and the seller at once engaged his exchange for remittance. Before the transactions were concluded, the *turn* came, and both cotton and exchange came down. The buyer of the cotton was not able to take it, but the buyer of the exchange was compelled to fulfill his agreement, so that he was compelled to pay $102,000 on his part of the transaction while the cotton still remained unsold!—Take another instance: A celebrated manufacturer bought of a very clever speculator eight hundred bales of cotton for forward delivery at a high price—say eighty-eight cents. Cotton went down, down, down every day, and the manufacturer warms into a panic. So he settles his contract by paying over to the fortunate operator for a check for $84,000.

NEW ENGLAND IN THE NEXT CONGRESS.—In the last congress there were four democrats from New England. In the next congress that party will have but three members.

EXECUTIVE DEPARTMENT,
MADISON, April 2d, 1863.

NOTICE is hereby given that sealed proposals will be received at the Executive Office, Madison, until twelve o'clock, noon, of Saturday, the 9th day of May, 1863, for the building and erection of the foundation of the south wing and of the rotunda of the state capitol to the top of the water table, and the erection and completion of the north wing thereof as provided by chapter 107 of the general laws of 1863, to which and to chapter 26 of the general laws of 1857 reference is hereby made.

All the work to be executed and all the materials furnished in accordance with the plans and specifications of the Architect, [Mr. Kutzbock,] at whose house in the city of Madison all persons desiring to bid will find full and complete plans and specifications, at any time after the 15th inst.

The work is to be executed under the general direction of the Architect employed by the state to superintend the construction of the same; the whole of the work to be completed on or before the 31st day of December, 1863.

A bond of twenty thousand dollars will be required to be executed to the state, by the person or persons taking the contract, with five or more sureties to be approved by the undersigned, building commissioners, conditioned for the prompt and faithful prosecution and completion of the work under such contract. All proposals must specify the names of the sureties proposed to be given, and must contain their consent to the use of their names as such.

Any contract made under the provisions of said act will ensure the right and power in the state to declare such contract abandoned and forfeited, if the contractors shall neglect or abandon the work, or fail to prosecute the same with such diligence and dispatch as will seasonably secure the completion of the work in the time specified in such contract; and such contract will provide that no liability whatever shall exist on the part of the state for any service rendered under or upon any contract so abandoned or forfeited.

No bid will be considered except for the completion of the entire work proposed to be done, and no contract will be entered into for the completion of said building that shall create any liability against the state greater than the amount appropriated by said chapter 107, of the general laws of 1863.

Upon the opening of said bids at the time specified, the undersigned, building commissioners, will award the contract to the person or persons they shall determine to be the lowest and best bidder, within the meaning of the law.

WARRANTEE DEEDS FOR SALE!

Shade Tree Association.

LET us have a Shade Tree Association, and a Fruit Tree Association, and a Grape Vine Association, and then let us all get on the executive committee and see that everybody does his whole duty. Why dont every man, woman and child plant a tree, shrub or vine and thus erect all over the country noble living monuments which shall tell of great throbbing hearts that once lived. Who does not feel his heart beat warmer and his soul happier as his memory takes him back to the old orchard and the great elms and maples that surrounded his New England home. Yes, plant trees *this spring.* Make your home blossom like the rose. Plant a willow and a few evergreens on your lot in the cemetery, for you will need them some day.

You ask, where shall I get the trees to plant? We are surprised to hear you ask this question, for we supposed every one intended to buy his trees at

The Daily Gazette.

City of Janesville.

Tuesday Evening, April 14, 1863.

Official Paper of the City.

Forever float that standard sheet—
Where breathes the foe but falls before us?
With Freedom's soil beneath our feet,
And Freedom's banner streaming o'er us!

Never Give Up the Ship.

Our national prospects do not at this time appear exceedingly encouraging. It is a time when faint hearts will despond, and ask if it be not better to yield the contest. Those who take counsel of their fears will be ready to compromise with the rebels, giving them all they ask, even their independence. We rejoice, however, in the belief that such persons are in a small minority in the loyal portions of this country. The great mass who constitute the nation look upon this rebellion as a monster that must be crushed and annihilated. It has gained great strength by delays and failures to attack it in its vital points, and what causes the most discouragement is the want of vigor in the use of the means furnished so abundantly by the people; but such examples are common in the history of the world. These misfortunes are fatal only to those who are not fit to become a great people. If we cannot suppress this rebellion against the rightful authority of the people to govern through their constitutional agents, we acknowledge our incapacity and weakness, and the process of division by secession and rebellion will go on, until the great fabric which constitutes our country will have fallen in ruins.

We therefore to say to all—let no misfortune, of whatever magnitude it may be, incline us to yield. Such a course leads straight to ruin; but let us persevere and "never give up the ship." We shall yet preserve the unity of our country, and come out of this gigantic contest purified as by fire. The longer the war lasts, and the greater the obstacles we overcome, the brighter will be the illuminated pages of our future history. So if the course of war goes somewhat against us—if Charleston be not taken at the first attack—if Vicksburg still resists our assaults—if we lose here and there an advantage, let us remember that victory is always won by persistence and perseverance. Those who hold out the longest will win the prize at last. This truth was never more exemplified than in the Seven Years' war of our first revolution, and until we have at least exhausted as much time as our patriotic fathers did in laying the foundation of our free institutions, let us not give up the contest for their preservation.

☞ The Madison Patriot, having formally accepted the term "copperhead" to designate its character, now copies approving an article from the Cincinnati Enquirer, (a paper of the same species as the Chicago Times,) accepting the name of "butternut," and adopting the structure of the fruit of the tree as an emblem of the union of the southern and northern heart. The next step will be to appropriate the name of "tory," and malign our revolutionary fathers who hung the traitors of '76.

JUDICIAL RETURNS.—The following returns were received to day by telegraph:

Monroe county—Dixon over 400 maj.
Vernon county—Dixon 400 maj.
Juneau county—Dixon 200 majority, instead of 100, as reported heretofore.
Portage county—Dixon 300 maj.
Kenosha county—Dixon 378 maj.
Wood county—Dixon has a majority, probably 25, certainly 7, in the county.

PATRIOTIC GENEROSITY.—The following shows what one of our leading railroads is doing for the good of our soldiers in the field. The Illinois Central Railroad Company transported, free of charge, during the month of March a large amount of sanitary stores, the regular freight of which would have amounted to $2,896.

THE PRESIDENT'S VISIT TO THE POTOMAC ARMY.—The visit of President Lincoln and family to the army of the Potomac had a happy effect on the soldiers, by whom the party has been most enthusiastically received. On Monday the President received at his tent all the officers of the army who chose to call upon him.

A SOLDIERS' MONUMENT.—The Union League of Lancaster, Pennsylvania, has resolved to erect a monument in a public square of the town, "on whose marble panels shall be inscribed the name of every citizen of Lancaster county who has fallen, or may hereafter fall, in the prosecution of this war for the preservation of the Union and the constitution of our fathers."

WHY IS IT?—The copperhead press from one end of the country to the other, are howling about the report, on Tuesday last, of the capture of Charleston, and the injurious effect it had on their party in the Connecticut election. If they are such pure, disinterested patriots, contending only for the "constitution as it is, and the Union as it was," why need the rumor of a federal victory operate so unfavorably against them? They are not only traitorous, but hypocritical besides.

DEFENSE OF NEW YORK.—On Thursday, the great harbor battery Roanoke was turned over to Admiral Paulding at the navy yard. The Roanoke, when supplied with stores and provisions, will be placed on the active list, and take a position off the

ALL SORTS OF PARAGRAPHS.

GOLD DUST IN THE HAIR.—The Boston Gazette has heard that one of New York's fashionable daughters, at a soiree, the other day, wore a hundred and fifty dollars' worth of gold dust on her hair. This (says Major Clapp) when gold was at fifty, we should think would have given her a sense of *gilt*.

Gen. Schofield has been ordered to re-report to Gen. Rosecrans, in whose army he will take command of a division. He leaves St. Louis in a few days for his new field of service.

The Columbus (Ohio) Journal announces that George D. Prentice, of the Louisville Journal, is in Columbus, on a visit to his brother, who is a major in the rebel prison at Camp Chase.

The Lexington (Ky.) Observer, announces the Hon. John J. Crittenden as a candidate for Congress.

COUNTERFEIT.—Beware of counterfeit tens on the Woburn Bank, Woburn, Mass. The notes are said to be well executed, and have been freely offered in New York.

SALE OF ILLINOIS WOOL IN BOSTON.—The Commercial Bulletin, of the 4th inst., says that 10,000 lbs Illinois fleece wool sold at 80c.

News from the Gulf states that yellow fever is assuming a malignant form in the extreme southern states. In New Orleans the most rigid sanitary measures have been instituted as a preventive.

A CAT WITH A LONG TAIL.—A copperhead organization on Staten Island has adopted this name: "The North Shore Anti-Abolition Democratic State Rights Association!"

Probably one of the bloodiest battles that history has recorded is that which took place at Deer Creek, Washington territory, between Col. Conner, with two hundred exhausted men, and three hundred Indian warriors. Of the Indians two hundred and twenty-four, out of the three hundred, were killed. The Federal loss was not more than twenty.

INDIANA FARMERS CARING FOR THE FAMILIES OF VOLUNTEERS.—A letter from Indianopolis says: "A Union meeting was held at Richmond in Wayne county, Ind., on last Saturday, and was attended by the farmers of the surrounding country, with a train of wagons over seven eighths of a mile in length, loaded with wood, flour, meal, beef, poultry and provisions and delicacies, as a voluntary contribution to the families of soldiers now in the field. The value of the articles contributed was estimated at between thirteen and fourteen hundred dollars."

In the Polish language, cz is pronounced like ch soft in English, and the English W is the Polish V. So the name of the leader in the new struggle for the independence of Poland, should be pronounced Lan-ga veish; accent on the last syllable.

The St. Louis Democrat estimates that there are about 20,000 slaveholders in Missouri.

A PAIR OF FEMALE COPPERHEADS CAUGHT.—Mrs. Moone, and her daughter, Hamilton, Ohio, and relatives of Judge Clark, a leading copperhead of Butler county, of the most malignant persuasion, were arrested in Cincinnati, on the 3d, on board a steamer bound for Memphis, under suspicion that they were conveying contraband goods to the rebels. They denied the charge, but the officer said they must disgorge. The young Mooney had concealed upon her person from twenty-five to fifty letters, addressed to sundry Colonels, Captains, Majors, etc., in the rebel army, and in a huge bustle, or sack, fastened to her person, she had forty bottles of morphine, seven pounds of opium, and a quantity of camphor, all of which was taken possession of by Mr. Rose, in the name of "Uncle Sam." After the young lady was caught she got on the *rampage*, and shouted for Jeff. Davis in the most beautiful style. The ladies, together with the correspondence, were handed over to the custody of the military authorities, to be dealt with according to the rules and regulations in such cases made and provided.—*Cleveland Herald.*

CLEARLY UNCONSTITUTIONAL.—A correspondent writing to the Cincinnati Commercial, informs that paper that he had recently attended a political meeting in Indiana, and made a speech, during which the following laughable scene occurred, which we give in his own words:

During my speech I asked any democrat in the house to be kind enough to tell me *what* clause of the Constitution President Lincoln had violated during the progress of the war? After a moment's silence, a voice near the door said: "*I can tell you of one.*" Name it, said I. "He has denied the right of—of" (scratching his head)—"the right of *Corpus Christi!*" Such an uproar of laughter you scarcely ever heard, I reckon. Now, I demand of Abraham Lincoln, that he at once rescind his action in this matter, or else the country is ruined, and he will be held responsible.

Oliver Morton, Esq., committed suicide at Battle Creek on Thursday last, by shooting himself through the head with a pistol. The circumstances attending this melancholy occurrence are that Mr. Morton had broken open a trunk and taken $1,100 belonging to his father, and a deed of a farm which his father intended to give him, but had not been delivered. The old gentleman exposed the transaction and instituted legal proceedings against his son.—He was arrested, and shot himself the next day.

An exchange asks the following question:

If a woman marries a man aged between 35 and 45, thus exempting him from the first class of conscripts, which alone is likely to be called out, is she not guilty of "disloyal practices."

A son of the Emerald Isle, meeting a countryman whose face was not perfectly remembered, after saluting most cordially, inquired his name. "Walsh," was the answer. "Walsh! Walsh!" responded Paddy, "are you not from Dublin? I knew two old maids there of that name—was either of them your mother?"

The following notice was recently issued by the French police who are stationed at the famous watering place, Dieppe: "The bathing police are requested, when a lady is in danger of drowning, to seize her by the dress, and not by the hair, which often times remains in their grasp. Newfoundland dogs will govern themselves accordingly."

A SLIGHT MISTAKE.—The crier of an English country town convulsed the people by calling a meeting to "sympathize with . . . of W les on his approaching

Last Night's Report.

WASHINGTON, April 11.

The navy department has been informed of the capture by the steamer Hantsall of the British steamer Suprise of Nassau with a confederate clearance from St. Marks, Fla., and bound to Havana with 200 bales of cotton, mostly Sea Island.

The Octorora captured the confederate schooner Five Brothers with thirty-four bales of cotton, and the English schooner John Williams with an assorted cargo.—She was a notorious blockade runner.

The Tioga captured the English schooner Florence, freighted with a cargo of 100 bales of cotton. The Tioga captured the English schooner Brothers, with a cargo principally of liquors, wines and other contraband articles.

CAIRO, April 12.

The dispatch boat, New National, arrived this morning, from Vicksburg on Wednesday last. The most important news that she brings, is that the iron-clads Louisville, Mound City, Carondolet, Benton, Lafayette, and one or two others, had prepared to run the blockade and that they expected to execute the movement on Friday or Saturday night. Transports were also being prepared, with log and cotton bulkheads, with the intention of running by the batteries.

The reported arrival of Gen. Osterhaus at Carthage, or twelve miles below Warrenton, on the Louisiana side, with a heavy force is confirmed.

All the transports attached to the Yazoo Pass expedition, had reached Helena, and all the gunboats had come out of the Pass except the DeKalb and Chillicothe, which were hourly expected.

Gen. Ellet's brigade has changed its course, and is now destined for the Tennessee river.

CAIRO, April 11.

Special to the Chicago Tribune.—By the steamer Diadem we have news from Memphis to the 9th, and from Young's Point to Tuesday last. The Memphis Bulletin says it has news that on Sunday last a battle of some magnitude took place between the federals under McClernand, and the rebels, in small force, at or near Richmond, Louisiana. The confederates fell back. This move placed McClernand in possession of the town. The brigade then marched to Lagrange, and occupied it without great difficulty. They are considered important points.

An expedition, consisting of infantry and two regiments of cavalry, all under the command of Gen. Steele, lately started up Black Bayou. On Sunday they met at the bridge over Black Bayou a few regiments of rebel infantry, with two pieces of artillery. A skirmish followed, and the rebels were driven over and the bridge burned.—The federals re-built it and proceeded on their journey. Those who know this section of country say nothing can prevent Gen. Steele from reaching Yazoo City.

NEW YORK, April 11.

The anniversary of the attack on Fort Sumter was celebrated here this afternoon, by an immense mass meeting in Union Square. It is estimated that 20,000 persons were present. The principal speakers were Major General Fremont, Postmaster General Blair; Governor Morton and Schuyler Colfax, of Indiana; Judge Kelly, and Benjamin H. Brewster, of Philadelphia; Generals Sigel, Duryea and D. S. Dickinson, of New York; Henry Wilson, of Massachusetts; Gen. Nye, of Nevada, and others. The meeting was an unconditionally loyal and anti-compromising and anti-copperhead demonstration.

HELENA, Ark., April 9 via CAIRO, 12.

Special to the Chicago Times.—The entire Tallahatchie fleet, consisting of the divisions under Gens. Ross and Quimby, and numerous gun and mortar-boats, arrived here yesterday. The expedition has been absent forty three days. The expense incurred by it must be counted by millions; the lives sacrificed are not a few; and, in return, we have nothing to show.

Our forces left Fort Greenwood on Sunday, the 5th inst. As soon as the bustle of preparation incident to the departure was observed the enemy opened a brisk fire of shot and shell upon the woods where our batteries had been planted, which was continued until the last boat steamed up the river.

On the passage up the rivers Tallahatchie and Coldwater, nearly every boat was fired upon by the *guerrillas* concealed in cane brakes. Numbers of soldiers on the transports were wounded, and from 25 to 30 in all were killed. Capt. Ketchum, of the steamer Cheeseman, was instantly killed, five balls entering his body. Capt. Martin, of the Ad. Hines, was seriously wounded, but will recover.

Gens. Quimby and A. P. Hovey, with each a division, are ordered to Vicksburg.

NEW YORK, April 11.

An officer arrived by the steamer Dudley Buck, says Gen. Foster had provisions sufficient to last till the 11th. Well informed persons deny the statement that reinforcements sent overland had returned, and that some of their baggage had stuck in the mud.

The rebel force between Washington, N. C., and Newbern is reported at 20,000, under Gen. Hill, and 7,000 under Gen. Pettigrew.

The gunboat Valley City, it is reported, reached Washington, riddled with cannon balls.

The Dudley Buck touched at Fortress Monroe, where it was rumored Gen. Foster had surrendered.

MILLIKEN'S BEND, LA, April 6, }
Via Cairo, April 11. }

Special dispatch to the Chicago Times: Gen. Grant has moved his headquarters from the steamboat Magnolia and established them on shore at this point.

Several flags of truce have passed within three days, relating to exchange of certain prisoners, including one of Gen. Sherman's orderlies, taken prisoner up Black Bayou. The rebels send captured officers south, refusing to exchange them. Gen. Grant is understood to refuse all exchanges until this proceedure is abandoned.

Two evenings ago five men deserted to the enemy in daylight, and were just turning the point above Vicksburg when discovered. Rebel desertions also are frequent.

On Friday night a lieutenant and two men from the 4th Virginia crossed to the opposite shore in a skiff, half a mile below the rebel pickets, and posted copies of the President's proclamation in conspicuous places.

The enemy are believed to have discovered the battery on the point of the levee. A number of shot and shell were thrown near it yesterday morning.

The signal corps have stations from here to below Warrenton.

Farragut is expected daily with his fleet.

Work on the new canal, from Duckport Landing, is progressing rapidly.

Col. Bissell and his Engineer Regiment have gone to Memphis. Report says they are ordered to Corinth. He was not needed here.

The weather is charming.

NEW YORK, April 13.

The steamer Roanoke, from New Orleans the 5th, and Havana the 8th, has ar-

22d, Puebla the 23d, and Vera Cruz the 1st. Nothing was done in the vicinity of Puebla, except skirmishes, resulting rather in the discomfiture to the French. Guerrillas attacked a body of 1500 laborers on the railroad, and carried off all the Mexicans among them as prisoners.

New Orleans advices state that our troops destroyed all the railroad buildings at Pontchatoula, and had fallen back to Pass Manchae.

A scouting party to the Amite country met a small force of rebel cavalry. A sharp skirmish ensued. Ten rebels were killed, 17 wounded, and 5 captured. Our loss is 4 wounded.

Gens. Grover's and Weitzel's forces are in supporting distance of each other.—Ewing's division has been sent to join them. It is believed that Ewing in in command of a strong movement up the Atchafalaya.

MORNING DISPATCHES.

NEW YORK, April 14.

Rebel reports from Charleston 9th to Gen. S. Cooper.

Gen. S. Walker destroyed an armed steamer in Coosaw river at daylight this a. m. No causalties on board. All quiet. Five monitors and the Ironsides still within the bar.

[Signed] G. T. BEAUREGARD.

Coosaw river is a few miles to the south of Pocatalego. It separates Port Royal Island from the main land.

CHARLESTON, April 9.

All quiet, no prospect of fight to-day.—Confederate officers from Morris Island visited the wreck of the Keokuk last night, and found her turret had been pierced through by a ball.

LATER.

CHARLESTON, April 9.

Five monitors and the Ironsides still lie within the bar, two miles from Fort Sumter. The enemy is waiting for a new machine to remove torpedoes. Everything in readiness for an attack. Accounts from Fort Sumter report the highest credit in the garrison for coolness and bravery in the recent fight. When the monitors commenced, the men were at dinner. At sound of the long roll, they sprang to their guns with cheering. The battle flag was run up, and Dixie played by the band on the parapet and a salute of 13 guns fired. Col. Alfred Rhett was commanding officer of the fort. The enemy fired 80 shots at the fort, of which 34 struck. The garrison is eager for the next chance at the monitors.

Herald's Special:—The Richmond Despatch of the 10th admits a bad defeat of Pegram in Kentucky. Says the rebel loss is heavy, and that after a severe hand to hand fight of several hours, the Confederates gave up the unequal contest and fell back, the enemy not pursuing. The Despatch says Rosecrans has sent 5 regiments of infantry to Kentucky, and has ordered all cavalry from that state to his army at Murfreesboro, and is moving his troops on the left of our right, doubtless to prevent any movement on our part in that state.

[Danville correspondence brought into Richmond the 9th.]

Thirty-four Union prisoners were captured by Gen. Forrest at Brentwood, Tenn. Among them are twenty-three commissioned officers. All will be exchanged at an early day. Capt. A. G. Webster, of the Federal army, was hung Friday last at Richmond. The unfortunate man met his fate with fortitude, himself giving the signal for the fatal trap to be sprung.

CHATTANOOGA, April 7.

The enemy occupy Lebanon with a division under Gen. Reynolds. They are also in force at Carthage.

VICKSBURG, April 8.

Everything quiet here. Two more transports left this afternoon, bound up the river. A number of transports are still in sight.

JACKSON, Miss., April 8.

A special dispatch to the Appeal from Memphis, says the Mississippi river is rising.

There are more empty boats from Memphis.

The Vicksburg is to be cotton-clad, so as to land troops at Vicksburg.

The boats returned from Steele's Bayou badly damaged. The navigation of this bayou was found to be more difficult than the Yazoo.

Humphrey Marshall is at Winchester with a heavy force. He encountered Gen. Quimby's force, who ignominiously fled, and left all his equipments on the retreat.

PORT HUDSON, April 6.

All quiet here. The enemy's fleet below has disappeared. Exchanged and paroled prisoners from New Orleans arrived yesterday. Our troops are in excellent spirits and vigilantly watching the Yankee vessels. Some excitement was caused last night by a log of fire floating down the river. A skiff with niggers attempted to pass the batteries and was captured.

Jeff. Davis, in a report to the rebel congress on the history and condition of telegraph lines, urges that the interest of northern persons in them, amounting to $373,750, be sequestered. The report further proposes to seize all southern telegraph lines, and turn them over to the rebel post-office department, the government indemnifying rebel owners for their loss by the act.

AFTERNOON DISPATCHES.

NEW YORK, April 14.

The Times' New Orleans letter says: Banks is fortifying all approaches to the city strongly. The enemy are believed to have 75,000 men who can be concentrated near the city in 24 hours notice. There are some apprehensions of a raid from Mobile against Ship Island.

The Herald's Washington special has reason to believe that the execution of the conscription act will be indefinitely postponed. The opinion has been openly expressed by high authorities that the armies in the field are amply sufficient. All that is necessary is to fill up the depleted regiments by recruiting.

The reported surrender of Foster is discredited. It is understood he is confident of his abilty to successfully withdraw his forces, even if compelled to relinquish the town and Pamilico river.

Times special.—It is stated that the attorney general is in doubt if the captured steamer Peterhoff can be sustained on principles of public law. Lord Lyons has demanded her mail which is in New York opened.

NEW YORK, April 14.

The city of New York from Liverpool 1st and Queenstown 2d arrived here this morning. The Cunard Company intend running an independent line of screw steamers fortnightly to New York, to commence on the 16th.

The London Morning Post regards the affairs of the confederates as favorable at home and abroad, and expresses a hope that before a year the struggle will be successful.

It has been positively denied that the confederates intend seeking a further loan abroad.

Lord Palmerston, in a speech at Glasgow, deplored the civil war in America, and said, notwithstanding the resentment of both parties towards the British government, it would not depart from its neutrality.

It is reported that the Polish insurgent leaders are disbanding their forces and giving up the contest.

Prince William, second son of Prince Christian of Denmark, has been proclaimed king of Greece.

NEW YORK, April 14.

The Tribune's special correspondent learns through private channels that Longstreet attacked our forces under Keyes, near Yorktown, on Saturday. The rebels were repulsed and fell back to Williamsburg, leaving behind spades, &c. The rebels under Pryor at the same time assumed an attitude threatening us at Suffolk. The great object is supposed to be to prevent our sending reinforcements to Foster.

The Herald's Havana letter reports that the French on the 30th ult., took possession of the hills north, south, and west of Puebla. Forey's headquarters are within three-quarters of a mile of the suburbs of the city.

Herald's special.—The navy department does not regard the result at Charleston as decisive. It is believed the obstructions in the river can be removed.

WASHINGTON, April 13.

Special to Chicago Tribune.—The rebels, moving in force upon Yorktown and Suffolk, were beaten back from Yorktown by Gen. Keyes to Williamsburg, leaving behind them ammunition, arms and knapsacks. There is rumored firing at Suffolk, but no particulars. It is rumored that there were the most vigorous preparations for resistance.

A dispatch from Fort Monroe, yesterday, says that skirmishing is going on at Williamsburg. Lieut. Col. Kimball, of Hawkin's Zouaves, was killed between Norfolk and Suffolk on Saturday night, by means unknown. Virginia soldiers say they will lay down their arms and that their state shall be the first back into the Union, if Jeff Davis leaves Richmond.

The old regiments are not to be consolidated at present in the army of the Potomac. The President is strongly urged not to carry out the recent order but to fill up the old regiments with drafted men. Drafting only enough for that purpose.

DELEGATES TO THE CHICAGO CONVENTION.—The governor has appointed the following delegates to the Canal Enlargement Convention, to be held in Chicago in June:

Samuel T. Hooker, Milwaukee.
Edward H. Brodhead, "
Chas. Grisberg, "
John Nazro, "

J. H. Warren, Albany.
George A. Dill, Prescott.

THE LOST IRON-CLAD.—The Keokuk, which it appears the rebels, after subjecting it to a terrible *feu d'enfer*, succeeded in sinking, was not one of the Monitor or Ericson batteries, but of quite a different construction. She was smaller, being 159 feet long—including a ram of five feet—and 36 feet wide, drawing nine feet of water. Her sides sloped inward at an angle of 37°. The Keokuk was built by Mr. Whitney, the great ship builder of New York, and was constructed of iron. Her armor, which extended four feet below the water line, consisted of 4 inch bars of iron standing 1½ inches apart, the interstices being filled with yellow pine. She had two immovable turrets, with three port holes each, but only carrying one gun each. The armor of the turrets was six and a quarter inches thick.

This vessel was thought to possess advantages over the Monitors in ventillation and easy management, fitting her especially for intricate navigation. It seems she was not invulnerable, as were the Monitors. As an experiment she has failed.

"TOO BIG A BOO."—To frighten timid and nervous people into voting their ticket in Connecticut, the democrats talked loudly and constantly of the *draft* which was to take place immediately after the election. Instead of frightening republicans into the support of the democratic ticket, however, it only had the effect to scare off three or four thousand copperheads into Canada to avoid the draft, and thus the republicans elected their ticket. The democrats must confess that they rather overdone the thing this time.

Every possible coercion was resorted to (in Connecticut) and there was a most scandalous abuse of the military power in sending home soldiers—and those only—who would vote the republican ticket.—*Albany Argus.*

The Argus would prove too much. Some two thousand soldiers—*taken in alphabetical order as they stood on the muster roll*—came home to vote. Is our neighbor willing to admit that they *all* "voted the republican ticket?"—*Albany Journal.*

NAVIGATION OPENED.—Since our last issue the steamer Queen City has commenced her regular season trips, having made two or three trips down the Bay. They found the Bay all clear, but some ice in the mouths of the rivers. F. B. Gardner's tug came up on Sunday, and went out again on Tuesday of this day week. The schooner Free Mason cleared last week for Lake Michigan. There have been one or two arrivals here of sail craft.—*Green Bay Advocate.*

FATE OF PUBLIC DOCUMENTS.—The Troy (N. Y.) Times says an ex-member of congress in that vicinity has just sold to the paper manufacturers over a ton of documents, to be reconverted into paper. They brought the ex-member of congress $120.

DR. SWEET'S

Infallible Liniment,

THE

GREAT EXTERNAL REMEDY,

FOR RHEUMATISM, GOUT, NEURALGIA, LUMBAGO, STIFF NECK AND JOINTS, SPRAINS, BRUISES, CUTS AND WOUNDS, PILES, HEADACHE, AND ALL RHEUMATIC AND NERVOUS DISORDERS.

For all of which it is a speedy and certain remedy, and never fails. This Liniment is prepared from the recipe of Dr. Stephen Sweet, of Connecticut, the famous bone setter, and has been used in his practice for more than twenty years with the most astonishing success.

AS AN ALLEVIATOR OF PAIN, it is unrivaled by any preparation before the public, of which the most skeptical may be convinced by a single trial.

This Liniment will cure rapidly and radically, RHEUMATIC DISORDERS of every kind and in thousands of cases where it has been used it has never been known to fail.

FOR NEURALGIA, it will afford immediate relief in every case however distressing

It will relieve the worst cases of HEADACHE in three minutes and is warranted to do it.

TOOTHACHE also will it cure instantly.

FOR NERVOUS DEBILITY AND GENERAL LASSITUDE arising from imprudence or excess, this Liniment is a most happy and unfailing remedy. Acting directly upon the nervous tissues, it strengthens and revivifies the system, and restores it to elasticity and vigor.

FOR PILES—As an external remedy, we claim that it is the *best* known, and we challenge the world to produce an equal. Every victim of this distressing complaint should give it a trial, for it will not fail to afford immediate relief, and in a majority of cases will effect a *radical cure*.

QUINSY AND SORE THROAT are sometimes extremely malignant and dangerous but a timely application of this Liniment will never fail to cure.

SPRAINS are sometimes very obstinate, and enlargement of the joints is liable to occur if neglected. The worst case may be conquered by this Liniment in two or three days.

BRUISES, CUTS, WOUNDS, SORES, ULCERS, BURNS AND SCALDS yield readily to the wonderful healing properties of DR. SWEET'S INFALLIBLE LINIMENT, when used according to directions. Also, CHILBLAINS, FROSTED FEET, AND INSECT BITES AND STINGS.

Every Horse Owner

should have this remedy at hand, for its timely use at the first appearance of Lameness will effectually prevent those formidable diseases, to which all horses are liable, and which render so many otherwise valuable horses nearly worthless.

Over four hundred voluntary testimonials to the wonderful curative properties of this Liniment have been received within the last two years, and many of them from persons in the highest ranks of life.

CAUTION.

To avoid imposition observe the signature and Likeness of Dr. Stephen Sweet on every label, and also "Stephen Sweet's Infallible Liniment" blown in the glass of each bottle, without which none are genuine.

The Daily Gazette.

City of Janesville.

Tuesday Evening, April 14, 1863.

Official Paper of the City.

Forever float that standard sheet—
Where breathes the foe but falls before us?
With Freedom's soil beneath our feet,
And Freedom's banner streaming o'er us!

Never Give Up the Ship.

Our national prospects do not at this time appear exceedingly encouraging. It is a time when faint hearts will despond, and ask if it be not better to yield the contest. Those who take counsel of their fears will be ready to compromise with the rebels, giving them all they ask, even their independence. We rejoice, however, in the belief that such persons are in a small minority in the loyal portions of this country. The great mass who constitute the nation look upon this rebellion as a monster that must be crushed and annihilated. It has gained great strength by delays and failures to attack it in its vital points, and what causes the most discouragement is the want of vigor in the use of the means furnished so abundantly by the people; but such examples are common in the history of the world. These misfortunes are fatal only to those who are not fit to become a great people. If we cannot suppress this rebellion against the rightful authority of the people to govern through their constitutional agents, we acknowledge our incapacity and weakness, and the process of division by secession and rebellion will go on, until the great fabric which constitutes our country will have fallen in ruins.

We therefore to say to all—let no misfortune, of whatever magnitude it may be, incline us to yield. Such a course leads straight to ruin; but let us persevere and "never give up the ship." We shall yet preserve the unity of our country, and come out of this gigantic contest purified as by fire. The longer the war lasts, and the greater the obstacles we overcome, the brighter will be the illuminated pages of our future history. So if the course of war goes somewhat against us—if Charleston be not taken at the first attack—if Vicksburg still resists our assaults—if we lose here and there an advantage, let us remember that victory is always won by persistence and perseverance. Those who hold out the longest will win the prize at last. This truth was never more exemplified than in the Seven Years' war of our first revolution, and until we have at least exhausted as much time as our patriotic fathers did in laying the foundation of our free institutions, let us not give up the contest for their preservation.

☞ The Madison Patriot, having formally accepted the term "copperhead" to designate its character, now copies approving an article from the Cincinnati Enquirer, (a paper of the same species as the Chicago Times,) accepting the name of "butternut," and adopting the structure of the fruit of the tree as an emblem of the union of the southern and northern heart. The next step will be to appropriate the name of "tory," and malign our revolutionary fathers who hung the traitors of '76.

Judicial Returns.—The following returns were received to-day by telegraph:

Monroe county—Dixon over 400 maj.
Vernon county—Dixon 400 maj.
Juneau county—Dixon 200 majority, instead of 100, as reported heretofore.
Portage county—Dixon 300 maj.
Kenosha county—Dixon 378 maj.
Wood county—Dixon has a majority, probably 25, certainly 7, in the county.

Patriotic Generosity.—The following shows what one of our leading railroads is doing for the good of our soldiers in the field. The Illinois Central Railroad Company transported, free of charge, during the month of March a large amount of sanitary stores, the regular freight of which would have amounted to $2,896.

The President's Visit to the Potomac Army.—The visit of President Lincoln and family to the army of the Potomac had a happy effect on the soldiers, by whom the party has been most enthusiastically received. On Monday the President received at his tent all the officers of the army who chose to call upon him.

A Soldiers' Monument.—The Union League of Lancaster, Pennsylvania, has resolved to erect a monument in a public square of the town, "on whose marble panels shall be inscribed the name of every citizen of Lancaster county who has fallen, or may hereafter fall, in the prosecution of this war for the preservation of the Union and the constitution of our fathers."

Why is it?—The copperhead press from one end of the country to the other, are howling about the report, on Tuesday last, of the capture of Charleston, and the injurious effect it had on their party in the Connecticut election. If they are such pure, disinterested patriots, contending only for the "constitution as it is, and the Union as it was," why need the rumor of a federal victory operate so unfavorably against them? They are not only traitorous, but hypocritical besides.

Defense of New York.—On Thursday, the great harbor battery Roanoke was turned over to Admiral Paulding at the navy yard. The Roanoke, when supplied with stores and provisions, will be placed on the active list, and take a position off the

All Sorts of Paragraphs.

Gold Dust in the Hair.—The Boston Gazette has heard that one of New York's fashionable daughters, at a soiree, the other day, wore a hundred and fifty dollars' worth of gold dust on her hair. This (says Major Clapp) when gold was at fifty, we should think would have given her a sense of *gilt*.

Gen. Schofield has been ordered to report to Gen. Rosecrans, in whose army he will take command of a division. He leaves St. Louis in a few days for his new field of service.

The Columbus (Ohio) Journal announces that George D. Prentice, of the Louisville Journal, is in Columbus, on a visit to his brother, who is a major in the rebel prison at Camp Chase.

The Lexington (Ky.) Observer, announces the Hon. John J. Crittenden as a candidate for Congress.

Counterfeit.—Beware of counterfeit tens on the Woburn Bank, Woburn, Mass. The notes are said to be well executed, and have been freely offered in New York.

Sale of Illinois Wool in Boston.—The Commercial Bulletin, of the 4th inst., says that 10,000 lbs Illinois fleece wool sold at 80c.

News from the Gulf states that yellow fever is assuming a malignant form in the extreme southern states. In New Orleans the most rigid sanitary measures have been instituted as a preventive.

A Cat with a Long Tail.—A copperhead organization on Staten Island has adopted this name: "The North Shore Anti-Abolition Democratic State Rights Association!"

Probably one of the bloodiest battles that history has recorded is that which took place at Deer Creek, Washington territory, between Col. Conner, with two hundred exhausted men, and three hundred Indian warriors. Of the Indians two hundred and twenty-four, out of the three hundred, were killed. The Federal loss was not more than twenty.

Indiana Farmers Caring for the Families of Volunteers.—A letter from Indianapolis says: "A Union meeting was held at Richmond in Wayne county, Ind., on last Saturday, and was attended by the farmers of the surrounding country, with a train of wagons over seven eighths of a mile in length, loaded with wood, flour, meal, beef, poultry and provisions and delicacies, as a voluntary contribution to the families of soldiers now in the field. The value of the articles contributed was estimated at between thirteen and fourteen hundred dollars."

In the Polish language, cz is pronounced like ch soft in English, and the English W is the Polish V. So the name of the leader in the new struggle for the independence of Poland, should be pronounced Lan-ga veish; accent on the last syllable.

The St. Louis Democrat estimates that there are about 20,000 slaveholders in Missouri.

A Pair of Female Copperheads Caught.—Mrs. Moone, and her daughter, Hamilton, Ohio, and relatives of Judge Clark, a leading copperhead of Butler county, of the most malignant persuasion, were arrested in Cincinnati, on the 3d, on board a steamer bound for Memphis, under suspicion that they were conveying contraband goods to the rebels. They denied the charge, but the officer said they must disgorge. The young Mooney had concealed upon her person from twenty-five to fifty letters, addressed to sundry Colonels, Captains, Majors, etc., in the rebel army, and in a huge bustle, or sack, fastened to her person, she had forty bottles of morphine, seven pounds of opium, and a quantity of camphor, all of which was taken possession of by Mr. Rose, in the name of "Uncle Sam." After the young lady was caught she got on the *rampage*, and shouted for Jeff. Davis in the most beautiful style. The ladies, together with the correspondence, were handed over to the custody of the military authorities, to be dealt with according to the rules and regulations in such cases made and provided.—*Cleveland Herald.*

Clearly Unconstitutional.—A correspondent writing to the Cincinnatti Commercial, informs that paper that he had recently attended a political meeting in Indiana, and made a speech, during which the following laughable scene occurred, which we give in his own words:

During my speech I asked any democrat in the house to be kind enough to tell me *what* clause of the Constitution President Lincoln had violated during the progress of the war? After a moment's silence, a voice near the door said: "I can tell you of one." Name it, said I. "He has denied the right of—of" (scratching his head)—"the right of *Corpus Christi!*" Such an uproar of laughter you scarcely ever heard, I reckon. Now, I demand of Abraham Lincoln, that he at once rescind his action in this matter, or else the country is ruined, and he will be held responsible.

Oliver Morton, Esq., committed suicide at Battle Creek on Thursday last, by shooting himself through the head with a pistol. The circumstances attending this melancholy occurrence are that Mr. Morton had broken open a trunk and taken $1,100 belonging to his father, and a deed of a farm which his father intended to give him, but had not been delivered. The old gentleman exposed the transaction and instituted legal proceedings against his son.—He was arrested, and shot himself the next day.

An exchange asks the following question:

If a woman marries a man aged between 35 and 45, thus exempting him from the first class of conscripts, which alone is likely to be called out, is she not guilty of "disloyal practices."

A son of the Emerald Isle, meeting a countryman whose face was not perfectly remembered, after saluting most cordially, inquired his name. "Walsh," was the answer. "Walsh! Walsh!" responded Paddy, "are you not from Dublin? I knew two old maids there of that name—was either of them your mother?"

The following notice was recently issued by the French police who are stationed at the famous watering place, Dieppe: "The bathing police are requested, when a lady is in danger of drowning, to seize her by the dress, and not by the hair, which often times remains in their grasp. Newfoundland dogs will govern themselves accordingly."

A Slight Mistake.—The crier of an English country town convulsed the people by calling a meeting to "sympathize with the Prince of Wales on his approaching

Last Night's Report.

Washington, April 11.

The navy department has been informed of the capture by the steamer Hantsall of the British steamer Suprise of Nassau with a confederate clearance from St. Marks, Fla., and bound to Havana with 200 bales of cotton, mostly Sea Island.

The Octorora captured the confederate schooner Five Brothers with thirty-four bales of cotton, and the English schooner John Williams with an assorted cargo.—She was a notorious blockade runner.

The Tioga captured the English schooner Florence, freighted with a cargo of 100 bales of cotton. The Tioga captured the English schooner Brothers, with a cargo principally of liquors, wines and other contraband articles.

Cairo, April 12.

The dispatch boat, New National, arrived this morning, from Vicksburg on Wednesday last. The most important news that she brings, is that the iron-clads Louisville, Mound City, Carondolet, Benton, Lafayette, and one or two others, had prepared to run the blockade and that they expected to execute the movement on Friday or Saturday night. Transports were also being prepared, with log and cotton bulkheads, with the intention of running by the batteries.

The reported arrival of Gen. Osterhaus at Carthage, or twelve miles below Warrenton, on the Louisiana side, with a heavy force is confirmed.

All the transports attached to the Yazoo Pass expedition, had reached Helena, and all the gunboats had come out of the Pass except the DeKalb and Chillicothe, which were hourly expected.

Gen. Ellet's brigade has changed its course, and is now destined for the Tennessee river.

Cairo, April 11.

Special to the Chicago Tribune.—By the steamer Diadem we have news from Memphis to the 9th, and from Young's Point to Tuesday last. The Memphis Bulletin says it has news that on Sunday last a battle of some magnitude took place between the federals under McClernand, and the rebels, in small force, at or near Richmond, Louisiana. The confederates fell back. This move placed McClernand in possession of the town. The brigade then marched to Lagrange, and occupied it without great difficulty. They are considered important points.

An expedition, consisting of infantry and two regiments of cavalry, all under the command of Gen. Steele, lately started up Black Bayou. On Sunday they met at the bridge over Black Bayou a few regiments of rebel infantry, with two pieces of artillery. A skirmish followed, and the rebels were driven over and the bridge burned.—The federals re-built it and proceeded on their journey. Those who know this section of country say nothing can prevent Gen. Steele from reaching Yazoo City.

New York, April 11.

The anniversary of the attack on Fort Sumter was celebrated here this afternoon, by an immense mass meeting in Union Square. It is estimated that 20,000 persons were present. The principal speakers were Major General Fremont, Postmaster General Blair; Governor Morton and Schuyler Colfax, of Indiana; Judge Kelly, and Benjamin H. Brewster, of Philadelphia; Generals Sigel, Daryea and D. S. Dickinson, of New York; Henry Wilson, of Massachusetts; Gen. Nye, of Nevada, and others. The meeting was an unconditionally loyal and anti-compromising and anti-copperhead demonstration.

Helena, Ark., April 9 via Cairo, 12.

Special to the Chicago Times.—The entire Tallahatchie fleet, consisting of the divisions under Gens. Ross and Quimby, and numerous gun and mortar-boats, arrived here yesterday. The expedition has been absent forty three days. The expense incurred by it must be counted by millions; the lives sacrificed are not a few; and, in return, we have nothing to show.

Our forces left Fort Greenwood on Sunday, the 5th inst. As soon as the bustle of preparation incident to the departure was observed the enemy opened a brisk fire of shot and shell upon the woods where our batteries had been planted, which was continued until the last boat steamed up the river.

On the passage up the rivers Tallahatchie and Coldwater, nearly every boat was fired upon by the guerrillas concealed in cane brakes. Numbers of soldiers on the transports were wounded, and from 25 to 30 in all were killed. Capt. Ketchum, of the steamer Cheeseman, was instantly killed, five balls entering his body. Capt. Martin, of the Ad. Hines, was seriously wounded, but will recover.

Gens. Quimby and A. P. Hovey, with each a division, are ordered to Vicksburg.

New York, April 11.

An officer arrived by the steamer Dudley Buck, says Gen. Foster had provisions sufficient to last till the 11th. Well informed persons deny the statement that reinforcements sent overland had returned, and that some of their baggage had stuck in the mud.

The rebel force between Washington, N. C., and Newberne is reported at 20,000, under Gen. Hill, and 7,000 under Gen. Pettigrew.

The gunboat Valley City, it is reported, reached Washington, riddled with cannon balls.

The Dudley Buck touched at Fortress Monroe, where it was rumored Gen. Foster had surrendered.

Milliken's Bend, La., April 6, Via Cairo, April 11.

Special dispatch to the Chicago Times: Gen. Grant has moved his headquarters from the steamboat Magnolia and established them on shore at this point.

Several flags of truce have passed within three days, relating to exchange of certain prisoners, including one of Gen. Sherman's orderlies, taken prisoner up Black Bayou. The rebels send captured officers south, refusing to exchange them. Gen. Grant is understood to refuse all exchanges until this proceedure is abandoned.

Two evenings ago five men deserted to the enemy in daylight, and were just turning the point above Vicksburg when discovered. Rebel desertions also are frequent.

On Friday night a lieutenant and two men from the 4th Virginia crossed to the opposite shore in a skiff, half a mile below the rebel pickets, and posted copies of the President's proclamation in conspicuous places.

The enemy are believed to have discovered the battery on the point of the levee. A number of shot and shell were thrown near it yesterday morning.

The signal corps have stations from here to below Warrenton.

Farragut is expected daily with his fleet.

Work on the new canal, from Duckport Landing, is progressing rapidly.

Col. Bissell and his Engineer Regiment have gone to Memphis. Report says they are ordered to Corinth. He was not needed here.

The weather is charming.

New York, April 13.

The steamer Roanoke, from New Orleans the 5th, and Havana the 8th, has ar-

22d, Puebla the 23d, and Vera Cruz the 1st. Nothing was done in the vicinity of Puebla, except skirmishes, resulting rather in the discomfiture to the French. Guerrillas attacked a body of 1500 laborers on the railroad, and carried off all the Mexicans among them as prisoners.

New Orleans advices state that our troops destroyed all the railroad buildings at Pontchatoula, and had fallen back to Pass Manchac.

A scouting party to the Amite country met a small force of rebel cavalry. A sharp skirmish ensued. Ten rebels were killed, 17 wounded, and 5 captured. Our loss is 4 wounded.

Gens. Grover's and Weitzel's forces are in supporting distance of each other.—Ewing's division has been sent to join them. It is believed that Ewing is in command of a strong movement up the Atchafalaya.

To-Day's Report.

[Reported Exclusively for the Daily Gazette.]

MORNING DISPATCHES.

New York, April 14.

Rebel reports from Charleston 9th to Gen. S. Cooper.

Gen. S. Walker destroyed an armed steamer in Coosaw river at daylight this a. m. No causalties on board. All quiet. Five monitors and the Ironsides still within the bar.

[Signed] G. T. BEAUREGARD.

Coosaw river is a few miles to the south of Pocatalego. It separates Port Royal Island from the main land.

Charleston, April 9.

All quiet, no prospect of fight to-day.—Confederate officers from Morris Island visited the wreck of the Keokuk last night, and found her turret had been pierced through by a ball.

LATER.

Charleston, April 9.

Five monitors and the Ironsides still lie within the bar, two miles from Fort Sumter. The enemy is waiting for a new machine to remove torpedoes. Everything in readiness for an attack. Accounts from Fort Sumter report the highest credit in the garrison for coolness and bravery in the recent fight. When the monitors commenced, the men were at dinner. At sound of the long roll, they sprang to their guns with cheering. The battle flag was run up, and Dixie played by the band on the parapet and a salute of 13 guns fired. Col. Alfred Rhett was commanding officer of the fort. The enemy fired 80 shots at the fort, of which 34 struck. The garrison is eager for the next chance at the monitors.

Herald's Special:—The Richmond Despatch of the 10th admits a bad defeat of Pegram in Kentucky. Says the rebel loss is heavy, and that after a severe hand to hand fight of several hours, the Confederates gave up the unequal contest and fell back, the enemy not pursuing. The Despatch says Rosecrans has sent 5 regiments of infantry to Kentucky, and has ordered all cavalry from that state to his army at Murfreesboro, and is moving his troops on the left of our right, doubtless to prevent any movement on our part in that state.

[Danville correspondence brought into Richmond the 9th.]

Thirty-four Union prisoners were captured by Gen. Forrest at Brentwood, Tenn. Among them are twenty-three commissioned officers. All will be exchanged at an early day. Capt. A. G. Webster, of the Federal army, was hung Friday last at Richmond. The unfortunate man met his fate with fortitude, himself giving the signal for the fatal trap to be sprung.

Chattanooga, April 7.

The enemy occupy Lebanon with a division under Gen. Reynolds. They are also in force at Carthage.

Vicksburg, April 8.

Everything quiet here. Two more transports left this afternoon, bound up the river. A number of transports are still in sight.

Jackson, Miss., April 8.

A special dispatch to the Appeal from Memphis, says the Mississippi river is rising.

There are more empty boats from Memphis.

The Vicksburg is to be cotton-clad, so as to land troops at Vicksburg.

The boats returned from Steele's Bayou badly damaged. The navigation of this bayou was found to be more difficult than the Yazoo.

Humphrey Marshall is at Winchester with a heavy force. He encountered Gen. Quimby's force, who ignominiously fled, and left all his equipments on the retreat.

Port Hudson, April 6.

All quiet here. The enemy's fleet below has disappeared. Exchanged and paroled prisoners from New Orleans arrived yesterday. Our troops are in excellent spirits and vigilantly watching the Yankee vessels. Some excitement was caused last night by a log of fire floating down the river. A skiff with niggers attempted to pass the batteries and was captured.

Jeff. Davis, in a report to the rebel congress on the history and condition of telegraph lines, urges that the interest of northern persons in them, amounting to $373,750, be sequestered. The report further proposes to seize all southern telegraph lines, and turn them over to the rebel post-office department, the government indemnifying rebel owners for their loss by the act.

AFTERNOON DISPATCHES.

New York, April 14.

The Times' New Orleans letter says: Banks is fortifying all approaches to the city strongly. The enemy are believed to have 75,000 men who can be concentrated near the city in 24 hours notice. There are some apprehensions of a raid from Mobile against Ship Island.

The Herald's Washington special has reason to believe that the execution of the conscription act will be indefinitely postponed. The opinion has been openly expressed by high authorities that the armies in the field are amply sufficient. All that is necessary is to fill up the depleted regiments by recruiting.

The reported surrender of Foster is discredited. It is understood he is confident of his abilty to successfully withdraw his forces, even if compelled to relinquish the town and Pamilico river.

Times special.—It is stated that the attorney general is in doubt if the captured steamer Peterhoff can be sustained on principles of public law. Lord Lyons has demanded her mail which is in New York opened.

New York, April 14.

The city of New York from Liverpool 1st and Queenstown 2d arrived here this morning. The Cunard Company intend running an independent line of screw steamers fortnightly to New York, to commence on the 16th.

The London Morning Post regards the affairs of the confederates as favorable at home and abroad, and expresses a hope that before a year the struggle will be successful.

It has been positively denied that the confederates intend seeking a farther loan abroad.

Lord Palmerston, in a speech at Glasgow, deplored the civil war in America, and said, notwithstanding the resentment of both parties towards the British government, it would not depart from its neutrality.

London, April 2.

Confederate loan closed at quarter discount to par.

The Times says the seizure of the Peter-

hoff demands the serious attention of the country.

Liverpool, April 1.

Flour more in demand. Wheat firm. Corn firm. Pork dull.

April 2.

Cotton steady and unchanged. Breadstuffs active, prices unchanged. Provisions very dull. Consols 92½a92⅝. Erie 64¼. I. C. 43½a44¼.

It is reported that the Polish insurgent leaders are disbanding their forces and giving up the contest.

Prince William, second son of Prince Christian of Denmark, has been proclaimed king of Greece.

New York, April 14.

Flour dull. Wheat dull and lower, nominal. Corn dull. Whisky heavy and lower. Stocks steady. Gold 55½.

The Tribune's special correspondent learns through private channels that Longstreet attacked our forces under Keyes, near Yorktown, on Saturday. The rebels were repulsed and fell back to Williamsburg, leaving behind spades, &c. The rebels under Pryor at the same time assumed an attitude threatening us at Suffolk. The great object is supposed to be to prevent our sending reinforcements to Foster.

The Herald's Havana letter reports that the French on the 30th ult., took possession of the hills north, south, and west of Puebla. Forey's headquarters are within three-quarters of a mile of the suburbs of the city.

Herald's special.—The navy department does not regard the result at Charleston as decisive. It is believed the obstructions in the river can be removed.

Washington, April 13.

Special to Chicago Tribune.—The rebels, moving in force upon Yorktown and Suffolk, were beaten back from Yorktown by Gen. Keyes to Williamsburg, leaving behind them ammunition, arms and knapsacks. There is rumored firing at Suffolk, but no particulars. It is rumored that there were the most vigorous preparations for resistance.

A dispatch from Fort Monroe, yesterday, says that skirmishing is going on at Williamsburg. Lieut. Col. Kimball, of Hawkin's Zouaves, was killed between Norfolk and Suffolk on Saturday night, by means unknown. Virginia soldiers say they will lay down their arms and that their state shall be the first back into the Union, if Jeff Davis leaves Richmond.

The old regiments are not to be consolidated at present in the army of the Potomac. The President is strongly urged not to carry out the recent order but to fill up the old regiments with drafted men. Drafting only enough for that purpose.

Delegates to the Chicago Convention.—The governor has appointed the following delegates to the Canal Enlargement Convention, to be held in Chicago in June:

Samuel T. Hooker, Milwaukee.
Edward H. Brodhead, "
Chas. Grisberg, "
John Nazro, "
John Thomsen, "
Hon. Joseph Vilas, Manitowoc.
A. P. Lyman, Sheboygan.
Barnum Blake, Pt. Washington.
John Dickson, Racine.
C. C. Sholes, Kenosha.
H. N. Davis, Waukesha.
A. G. Darwin, Madison.
L. G. Fisher, Beloit.
Hon. W. A. Lawrence, Janesville.
Hon. M. K. Young, Grant Co.
Chas. W. Marshall, LaCrosse.
Hon. J. M. Bingham, Palmyra.
B. F. Moore, Fond du Lac.
S. M. Hay, Oshkosh.
Hon. F. S. Ellis, Green Bay.
Hon. A. W. Starks, Baraboo.
Joseph S. Thorp, Eau Claire.
H. L. Dousman, Pr. du Chien.
J. H. Warren, Albany.
George A. Dill, Prescott.

The Lost Iron-Clad.—The Keokuk, which it appears the rebels, after subjecting it to a terrible *feu d'enfer*, succeeded in sinking, was not one of the Monitor or Ericson batteries, but of quite a different construction. She was smaller, being 159 feet long—including a ram of five feet—and 36 feet wide, drawing nine feet of water. Her sides sloped inward at an angle of 37°. The Keokuk was built by Mr. Whitney, the great ship builder of New York, and was constructed of iron. Her armor, which extended four feet below the water line, consisted of 4 inch bars of iron standing 1¼ inches apart, the interstices being filled with yellow pine. She had two immovable turrets, with three port holes each, but only carrying one gun each. The armor of the turrets was six and a quarter inches thick.

This vessel was thought to possess advantages over the Monitors in ventillation and easy management, fitting her especially for intricate navigation. It seems she was not invulnerable, as were the Monitors. As an experiment she has failed.

"Too Big a Boo."—To frighten timid and nervous people into voting their ticket in Connecticut, the democrats talked loudly and constantly of the *draft* which was to take place immediately after the election. Instead of frightening republicans into the support of the democratic ticket, however, it only had the effect to schare off three or four thousand copperheads into Canada to avoid the draft, and thus the republicans elected their ticket. The democrats must confess that they rather overdone the thing this time.

Every possible coercion was resorted to (in Connecticut) and there was a most scandalous abuse of the military power in sending home soldiers—and those only—who would vote the republican ticket.—*Albany Argus.*

The Argus would prove too much. Some two thousand soldiers—*taken in alphabetical order as they stood on the muster roll*—came home to vote. Is our neighbor willing to admit that they *all* "voted the republican ticket?"—*Albany Journal.*

Navigation Opened.—Since our last issue the steamer Queen City has commenced her regular season trips, having made two or three trips down the Bay. They found the Bay all clear, but some ice in the mouths of the rivers. F. B. Gardner's tug came up on Sunday, and went out again on Tuesday of this day week. The schooner Free Mason cleared last week for Lake Michigan. There have been one or two arrivals here of sail craft.—*Green Bay Advocate.*

Fate of Public Documents.—The Troy (N. Y.) Times says an ex-member of congress in that vicinity has just sold to the paper manufacturers over a ton of documents, to be reconverted into paper. They brought the ex-member of congress $120.

DR. SWEET'S

Infallible Liniment,

THE

GREAT EXTERNAL REMEDY,

FOR RHEUMATISM, GOUT, NEURALGIA, LUMBAGO, STIFF NECK AND JOINTS, SPRAINS, BRUISES, CUTS AND WOUNDS, PILES, HEADACHE, AND ALL RHEUMATIC AND NERVOUS DISORDERS.

For all of which it is a speedy and certain remedy, and never fails. This Liniment is prepared from the recipe of Dr. Stephen Sweet, of Connecticut, the famous bone setter, and has been used in his practice for more than twenty years with the most astonishing success.

AS AN ALLEVIATOR OF PAIN, it is unrivaled by any preparation before the public, of which the most skeptical may be convinced by a single trial.

This Liniment will cure rapidly and radically, RHEUMATIC DISORDERS of every kind and in thousands of cases where it has been used it has never been known to fail.

FOR NEURALGIA, it will afford immediate relief in every case however distressing.

It will relieve the worst cases of HEADACHE in three minutes and is warranted to do it.

TOOTHACHE also will it cure instantly.

FOR NERVOUS DEBILITY AND GENERAL LASSITUDE arising from imprudence or excess, this Liniment is a most happy and unfailing remedy. Acting directly upon the nervous tissues, it strengthens and revivifies the system, and restores it to elasticity and vigor.

FOR PILES.—As an external remedy, we claim that it is the *best* known, and we challenge the world to produce an equal. Every victim of this distressing complaint should give it a trial, for it will not fail to afford immediate relief, and in a majority of cases will effect a *radical cure*.

QUINSEY AND SORE THROAT are sometimes extremely malignant and dangerous but a timely application of this Liniment will never fail to cure.

SPRAINS are sometimes very obstinate, and enlargement of the joints is liable to occur if neglected. The worst case may be conquered by this Liniment in two or three days.

BRUISES, CUTS, WOUNDS, SORES, ULCERS, BURNS AND SCALDS yield readily to the wonderful healing properties of DR. SWEET'S INFALLIBLE LINIMENT, when used according to directions. Also, CHILBLAINS, FROSTED FEET, AND INSECT BITES AND STINGS.

Every Horse Owner

should have this remedy at hand, for its timely use at the first appearance of Lameness will effectually prevent those formidable diseases, to which all horses are liable, and which render so many otherwise valuable horses nearly worthless.

Over four hundred voluntary testimonials to the wonderful curative properties of this Liniment have been received within the last two years, and many of them from persons in the highest ranks of life.

CAUTION.

To avoid imposition, observe the Signature and Likeness of Dr. Stephen Sweet on every label, and also "Stephen Sweet's Infallible Liniment" blown in the glass of each bottle, without which none are genuine.

A Manufacturing Company.

The following law was passed at the late session of the legislature:

An Act to Incorporate the Janesville Woolen Manufacturing Company.

The people of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:

SECTION 1. Michael McKey, Maurice C. Smith, J. Bodwell Doe, Thomas M. Lynch, John Mitchell and A. Hyatt Smith, and their successors and assigns shall be a body politic and corporate, and shall be known as the Janesville Manufacturing Company, and in and by that name shall have succession and may contract and be contracted with, sue and be sued, implead and be impleaded, and shall be possessed of all the powers necessary to the carrying out the objects of this charter; which are expressed and declared to be the manufacturing and sale of goods of wool, flax hemp or cotton, or of any one or more, or all of these commodities, or in part of any or more or all of them.

SECTION 2. The capital of said company shall be one hundred thousand dollars with the privilege of increasing the same to two hundred thousand dollars, and shall be divided into shares of one hundred dollars each, which shares shall be transferable on the books of said company.

SECTION 3. The directors herein named shall hold their office until their successors are elected. When twenty five thousand dollars of capital stock is subscribed, they shall call a meeting of the subscribers of said stock, who shall elect a board of seven directors, which board shall elect a president, secretary and treasurer; and upon such election this company shall be deemed to be fully organized and authorized to commence and continue the business of manufacturing and preparing to manufacture as aforesaid, and said company for the purpose of carrying out the objects of its creation through its officers may exercise all the powers and rights of a natural person.

SECTION 4. The directors of said company shall be annually elected on a day to be fixed by said directors, and one of their number shall be chosen president, and they shall also annually appoint a treasurer and secretary and such other officers as may be convenient for the business of said company who may or not be of their number, and may remove the same at pleasure.

SECTION 5. The said company shall hold no more real estate than is necessary for the convenient conducting of their business.

NEWS FROM THE TWENTY-SECOND.—I received a letter last evening, from the chaplain of the 22d regiment, that the officers and men had all been paroled, and left Tullahoma, Tenn., on the morning of the 2d inst., in the cars for Richmond, Va., thence to be sent to Annapolis, Md. They are all in good health and spirits, and will soon report themselves to their friends at home.

R. B. CURTIS.

A RARE PIECE OF MECHANISM.—We have had the satisfaction of examining an army chest made for Lieut. Aiken, by S. H. Marquissee of this city, which is one of the most ingenious and best specimens of of mechanism we have ever seen. It is about two feet long, well proportioned, and contains a large number of drawers, all opened by secret springs, of which, by the way, there are 125 in the desk, many of them working in combination. Mr. M. was employed fifty days in its construction, and whether it is considered as an ingenious piece of mechanism, or a specimen of superior workmanship, it is probably unequaled by any similar article ever made.

UNION BADGE.—J. A. Dennell has some very neat and cheap Union badges which a loyal man need not be ashamed to wear. There is not a smell or look of the "copperhead" about them.

BIG FEE.—The Milwaukee News says that Hon. E. G. Ryan has recovered a judgment of $16,000 before Judge Mann, of the Dodge county circuit court, against Warrick Martin, of Waukegan, Ill., for fees in the case of Martin vs. Brooks.

ENCOURAGING.—The Milwaukee News has come to the conclusion that it is best to tell the truth, and cease all tamperings with Satan!

My deceased uncle was the most polite gentleman in the world. He was making a voyage on the Danube, and the boat sunk. My uncle was just on the point of drowning. He got his head above water for once, took off his hat, and said: "Ladies and gentlemen, will you please excuse me?" and down he went.

HEAVY REVENUE.—It is estimated by Assessor Bronson, that the entire federal revenue derived and paid in from the taxes, licenses, and everything that comes under the tax law, in this (1st district,) the first year, will be about $300,000. Of that amount, Milwaukee county will pay about four-fifths.—*Wisconsin.*

Now that the Supreme Court has decided that the soldiers can *constitutionally* vote out of the state, the copperheads are of the opinion that precincts should be established in Canada, for the benefit of American citizens temporarily absent on business (to avoid a prospective draft). If this should be done, the democracy will have a unanimous vote in Canada. We are opposed to the idea.

A Friend in Need. Try It.

DR. SWEET'S INFALLIBLE LINIMENT is prepared from the receipt of Dr. Stephen Sweet, of Connecticut, the great bone setter, and has been used in his practice for the last twenty years with the most astonishing success. As an external remedy it is without a rival, and will alleviate pain more speedily than any other preparation. For all Rheumatic and Nervous Disorders it is truly infallible, and as a curative for Sores, Wounds Sprains, Bruises, &c. its soothing, healing and powerful strengthening properties, excite the just wonder and a consultment of all who have ever given it a trial. Over four hundred certificates of remarkable cures, performed by it within the last two years, attest this fact.

INSTRUCTIONS IN MUSIC!

Miss Margaret E. West,

GENERAL ORDER No. 1.

TO THE PEOPLE OF WISCONSIN.

The best bought, best selected, best assorted and most extensive stock of

DRY GOODS

ever offered in Janesville, is now open to

PUBLIC INSPECTION

at the

Great Mart of McKey & Bro.

WE have taken advantage of the recent unparalleled fall in the price of gold. E. McKey having resided almost exclusively in New York for the past three months, was on hand and

BOUGHT LARGELY

of first class importers, who, under the influence of the panic,

Sacrificed Many Desirable Goods

at 50 cents on the dollar of the prices ruling one week previous. The public is aware that the cause of the great advance in the price of Imported Goods was the the enormous premium on gold to buy exchange and pay duties; that having declined from 74 to 34 per cent, or about 50 per cent on former rates, and we having been on the spot when it took place, went in for

Piles of Goods,

the purchase of one of which would Gobble up the entire resources of many of the so called Merchants who Blow, Hurrah and Cap their hands before the public.

But we believe that sensation advertisements are played out, and that it is scarcely necessary to inform the public that those who are compelled to buy goods in small lots, and live as it were from hand to mouth, cannot pretend to

COMPETE WITH US!

In proof of which we offer the following:

200 ps full yd wid New York Sheeting, 8½c per yd,
200 ps Portsmouth unbleached factory.....2½c "
5-0 ps Spring Delaines.....25c "
50 ps new Spring DeLaines.....31½c "
300 Balmoral Skirts, 4 yds wide, 1¾ yds long $3 50
100 ps A T Stewart fine print'd French Jaconets, 8 ½c "

200 Ps Fine French Organdies at 25c per yd,

which were bought under peculiar circumstances, the same quality having been sold at wholesale last week in New York at 44c per yard. None of the above will be sold to neighboring speculators; our legitimate trade alone supplied

Our purchases of nearly a year ago were so enormous that we still

HAVE MANY PACKAGES

of heavy and fine bleached and unbleached Sheetings and shirtings, Merrimac, Saranac and other Prints, Shirtings, Ticklens, Tickings, Denims, Cottonades for Summer wear, &c., &c., all of which we will now open and offer on terms which will make the small fry stand aside, and still or her add to the Brilliant and Tremendous success which has crowned our efforts for the last fourteen years.

We shall still sell our justly celebrated and superior

HOOP SKIRTS

at old prices. Our stock of

Hosiery, Gloves & Embroideries

will be found the largest and most comprehensive in the state. Ladies will here find a full line of hand made Tatting all widths Collerette a La Eugene, Bordure Imperatrice Linen Collars, plain and with ruffled, embroidered, colored and matching trimming.

IN CLOAKINGS AND SACKINGS

We shall exhibit 100 pieces Mid Plexs and Washington all wool, most desirable shades, plain and mixed.

Our stock of all wool, silk warp and domett

FLANNELS

for spring and summer wear is full and well assorted.

SHAWLS! SHAWLS!

We have on the road and will shortly receive Five Hundred of the most fashionable for spring wear.

BLACK SILKS,

New Broche Black Silks, (to be had only of us,) also English Crown, Shrimpton and Bischoff do do.

We select our from one of the heaviest importers in New York, 5,0 pieces heavy

GERMAN REPPS,

worth 50c per yard, which to those who buy to keep over, or for immediate wear, we offer as a drive at 25c per yard.

In Our Millinery Department

will be found everything desirable choice and new, in Bonnets and Hats of the fashionable Eugene, Alexandrina and Arbuti styles; 1200 dozen best made of

SHAKER HOODS,

white and colored, all sizes. Ruches, black, white and magenta; new style Imperial crown Rising; cape laces; fine French flowers, tow tarlatans, &c., &c. The usual liberal inducements to the trade.

OUR CLOTHING STORE

is heavily stocked with all the new and desirable styles of

GENT'S GARMENTS.

We have also a well selected line of Harris, Woodstock and other well known brands of

Fancy Cassimeres,

which, if desired, we shall

MAKE UP TO ORDER

in the first style of fashion.

In conclusion, we would invite the public, for its own satisfaction to examine every stock in the city before looking at ours. But we would also caution every purchaser not to invest one dime in Dry Goods before calling at the

WE would invite the attention of all those about purchasing to the

UNUSUAL CARE HAS BEEN TAKEN

in selecting our

and we feel

PERFECTLY CONFIDENT

that no one, after an examination, will

Turn Away Dissatisfied.

IN CUSTOM WORK

we propose, as heretofore, to be

Excelled by None!

Our stock of Leather is large and of the best brands, and all confess that our

WORKMEN ARE THE BEST

in the city.

Without entering into details, and leaving all

with those to whom it is more congenial, we would invite all to

A Manufacturing Company.

The following law was passed at the late session of the legislature:

An Act to Incorporate the Janesville Woolen Manufacturing Company.

The people of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:

SECTION 1. Michael McKey, Maurice C. Smith, J. Bodwell Doe, Thomas M. Lynch, John Mitchell and A. Hyatt Smith, and their successors and assigns shall be a body politic and corporate, and shall be known as the Janesville Manufacturing Company, and in and by that name shall have succession and may contract and be contracted with, sue and be sued, implead and be impleaded, and shall be possessed of all the powers necessary to the carrying out the objects of this charter; which are expressed and declared to be the manufacturing and sale of goods of wool, flax hemp or cotton, or of any one or more, or all of these commodities, or in part of any or more or all of them.

SECTION 2. The capital of said company shall be one hundred thousand dollars with the privilege of increasing the same to two hundred thousand dollars, and shall be divided into shares of one hundred dollars each, which shares shall be transferable on the books of said company.

SECTION 3. The directors herein named shall hold their office until their successors are elected. When twenty five thousand dollars of capital stock is subscribed, they shall call a meeting of the subscribers of said stock, who shall elect a board of seven directors, which board shall elect a president, secretary and treasurer; and upon such election this company shall be deemed to be fully organized and authorized to commence and continue the business of manufacturing and preparing to manufacture as aforesaid, and said company for the purpose of carrying out the objects of its creation through its officers may exercise all the powers and rights of a natural person.

SECTION 4. The directors of said company shall be annually elected on a day to be fixed by said directors, and one of their number shall be chosen president, and they shall also annually appoint a treasurer and secretary and such other officers as may be convenient for the business of said company who may or not be of their number, and may remove the same at pleasure.

SECTION 5. The said company shall hold no more real estate than is necessary for the convenient conducting of their business.

NEWS FROM THE TWENTY-SECOND.—I received a letter last evening, from the chaplain of the 22d regiment, that the officers and men had all been paroled, and left Tullahoma, Tenn., on the morning of the 2d inst., in the cars for Richmond, Va., thence to be sent to Annapolis, Md. They are all in good health and spirits, and will soon report themselves to their friends at home.

R. B. CURTIS.

A RARE PIECE OF MECHANISM.—We have had the satisfaction of examining an army chest made for Lieut. Aiken, by S. H. Marquisee of this city, which is one of the most ingenious and best specimens of of mechanism we have ever seen. It is about two feet long, well proportioned, and contains a large number of drawers, all opened by secret springs, of which, by the way, there are 125 in the desk, many of them working in combination. Mr. M. was employed fifty days in its construction, and whether it is considered as an ingenious piece of mechanism, or a specimen of superior workmanship, it is probably unequaled by any similar article ever made.

UNION BADGE.—J. A. Dennell has some very neat and cheap Union badges which a loyal man need not be ashamed to wear. There is not a smell or look of the "copperhead" about them.

BIG FEE.—The Milwaukee News says that Hon. E. G. Ryan has recovered a judgment of $16,000 before Judge Mann, of the Dodge county circuit court, against Warrick Martin, of Waukegan, Ill., for fees in the case of Martin vs. Brooks.

ENCOURAGING.—The Milwaukee News has come to the conclusion that it is best to tell the truth, and cease all tamperings with Satan!

My deceased uncle was the most polite gentleman in the world. He was making a voyage on the Danube, and the boat sunk. My uncle was just on the point of drowning. He got his head above water for once, took off his hat, and said: "Ladies and gentlemen, will you please excuse me?" and down he went.

HEAVY REVENUE.—It is estimated by Assessor Bronson, that the entire federal revenue derived and paid in from the taxes, licenses, and everything that comes under the tax law, in this (1st district,) the first year, will be about $300,000. Of that amount, Milwaukee county will pay about four fifths.—*Wisconsin.*

Now that the Supreme Court has decided that the soldiers can *constitutionally* vote out of the state, the copperheads are of the opinion that precincts should be established in Canada, for the benefit of American citizens temporarily absent on business (to avoid a prospective draft). If this should be done, the democracy will have a unanimous vote in Canada. We are opposed to the idea.

A Friend in Need. Try It.

DR. SWEETS INFALLIBLE LINIMENT is prepared from the receipt of Dr. Stephen Sweet, of Connecticut, the great bone setter, and has been used in his practice for the last twenty years with the most astonishing success. As an external remedy it is without a rival, and will alleviate pain more speedily than any other preparation. For all Rheumatic and Nervous Disorders it is truly infallible, and as a curative for Sores, Wounds, Sprains, Bruises, &c. its soothing, healing and powerful strengthening properties, excite the just wonder and astonishment of all who have ever given it a trial. Over four hundred certificates of remarkable cures, performed by it within the last two years attest this fact.

INSTRUCTIONS IN MUSIC!

Miss Margaret E. West,

The residence of Miss West is in the brick dwelling south of the rear of the Methodist church. de09d1f

GENERAL ORDER No. 1.

TO THE PEOPLE OF WISCONSIN.

The best bought, best selected, best assorted and most extensive stock of

DRY GOODS

ever offered in Janesville, is now open to

PUBLIC INSPECTION

at the

Great Mart of McKey & Bro.

WE have taken advantage of the recent unparalleled fall in the price of gold. R. McKey having resided almost exclusively in New York for the past three months, was on hand and

BOUGHT LARGELY

of first class importers, who, under the influence of the panic,

Sacrificed Many Desirable Goods

at 50 cents on the dollar of the prices ruling one week previous. The public is aware that the cause of the great advance in the price of Dry Goods was the enormous premium on gold to buy exchange and pay duties; that having declined from 74 to 34 per cent, or about 50 per cent on former rates, and we having been on the spot when it took place, went in for

Piles of Goods,

the purchase of one of which would dabble up the entire resources of many of the so-called Merchants who Rise, Hurrah and Clap their hands before the public.

But we believe that sensation advertisements are played out, and trust it is scarcely necessary to inform the public that those who are compelled to buy goods in small lots, and live as it were from hand to mouth, cannot pretend to

COMPETE WITH US!

in proof of which we offer the following:

200 ps full yd wide New York R Sheeting, 30c per yd.
200 ps Eastern mills unbleached factory.....12½c "
5-0 ps Darling Delaines.....25c "
500 ps new Spring De Laines.....31½c "
300 Balmoral Skirts, 4 yds wide, 1¼ yds long $3 50
100 ps A T Stewarts fine printed French Jaconets, 3 1/2c

200 Ps Fine French Organdies at 25c per yd,

which were bought under peculiar circumstances, the same quality have been sold at the same last week in New York at 44c per yard. None of the above will be sold to neighboring speculators; our legitimate retail trade is solicited.

Our purchases of nearly a year ago were so enormous that we still

HAVE MANY PACKAGES

of heavy and fine bleached and unbleached Sheetings and Shirtings, Mourning Sprigons and other Prints, Shirtings, Stripes, Tickings, Denims, Cottonades for Summer wear, &c., &c., all of which we will now open and dispose of at prices which will make the small fry stand aside, and still further add to the Brilliant and Triumphant success which has crowned our efforts for the last three years.

We shall still sell our justly celebrated and superior

HOOP SKIRTS

at old prices. Our stock of

Hosiery, Gloves & Embroideries

will be found the largest and most comprehensive in the state. Ladies will here find a full line of hand made Tatting all widths Collarette a La Eugene, Bertha De Chantilla Linen Collars plain and with ruffled, embroidered, colored and matching trimming.

IN CLOAKINGS AND SACKINGS

We shall exhibit 100 pieces Mid Beaver and Washington all wool, most desirable shades, plain and mixed. Our stock of all wool, silk warp and domett

FLANNELS

for spring and summer wear is full and well assorted.

SHAWLS! SHAWLS!

We have on the road and will shortly receive Five Hundred of the most fashionable for spring wear.

BLACK SILKS,

New Broom Black Silks, (to be had only of us,) also English Crown, Sunshine and Bischoff do do.

We are selling from one of the heaviest importers in New York, 500 pieces heavy

GERMAN REPPS,

worth 50c per yard, which to those who buy to keep over, or for immediate wear, we offer as a drive at 25c per yard.

In Our Millinery Department

will be found everything desirable choice and new. In bonnets and Hats of the fashionable Empress, Alexandrina and Adelaide styles; 1200 different made of

SHAKER HOODS,

white and colored; all sizes. Ruches, black, white and magpie; new style frames; crown linings; cape lace; fine French flowers, ribbons, &c., &c. The usual liberal inducements to the trade.

OUR CLOTHING STORE

is heavily stocked with all the new and desirable styles of

GENT'S GARMENTS.

We have also a well selected line of Harris, Woodstock and other well known brands of

Fancy Cassimeres,

which, if desired, we shall

MAKE UP TO ORDER

in the first style of fashion.

In conclusion, we would fly invite the public, for its own satisfaction to examine every stock in the city before looking at ours. But we would also caution every purchaser not to invest one dime in Dry Goods before calling at the

GREAT MART,

SIGN OF THE GOLDEN SHEEP,

where they can obtain

Twenty-Five per Cent More

for the money than at any other store.
